

COLLEGE OF BUSINESS COURSE/ELECTIVE CHANGES FOR FALL 2011

MAJOR ELECTIVE CHANGES:

- Several business majors have had additions/deletions to the approved major electives for the 2011-2012 Catalog. Most of the additions have also been approved to count retroactively on any valid catalog for each major. Some major electives have been removed beginning with the 2011-2012 catalog, so it is important that the correct check sheet be used in choosing major electives. All approved electives have been added to all valid check sheets on www.business.appstate.edu/advising/checksheets.php. Please refer to these to determine which electives are approved for your major and catalog.
- CIS majors can now take all nine hours of CIS major electives at the 3000 or 4000 level, regardless of catalog year.

COURSE CHANGES (course number, name, prerequisites)

(In addition to course prerequisites, 57 earned hours are required for all 3000 level COB core courses, 60 earned hours for all other 3000 level business courses and 90 earned hours for all 4000 level business courses. In addition, a 2.0 is required to be eligible to take 3000/4000 level business courses.)

Course # before Fall 2011	Course # Fall 2011 (new #'s appear in red)	Course Name as of Fall 2011 (new names appear in red)	Prerequisites and Corequisites as of Fall 2011 (new prereq/coreqs appear in red)	New Course or Course Deletion
